## Who's the man?

- Entertainer
- Composer
- Musician
- Singer
- Actor

His life changed when he was 11 years old. He grew up listening to the highwaymen, Elvis and Jerry Lee Lewis. In 1992 he heard Michael Jackson and saw a video of James Brown for the first time- and from that moment on he knew what he wanted to do in life. Make music and put on one heck of a show!

His musical abilities were limited, but his skills as a hard, working «man» wasn't. After years of practise, he hit the limelight. Taking all he learned from working as an actor, dabbling as a dancer, strengthening his abilities as a composer and singer – he ended up with the 2017s album «Miss Martinez,» proving that he could write catchy tunes, make great music videos and dance like James Brown!

The years leading up to that point he'd played for the king of Norway, stood on big stages with other, contemporary artists – studying they're every move. Listening to what was going on musically – falling in love with artist like Selena Gomez, Ariana Grande, Gin Wigmore and Gabriella Cilmi. Then he found his gold: retro pop. «Modern old» as he calls it.

Now he's ready with the follow up to «Miss Martinez.» An album that for sure is a dancer, filled with deep lyrics, moving ballads, and tunes that will get you out on the dancefloor. He's pushed the limits on this one wondering how far he could go. The album is sure enough titled "Headed Out Of My League!" But first; get ready for the single «Diamond»!
